

Polypropylene Boston Round Packaging Bottles

DATA SHEET

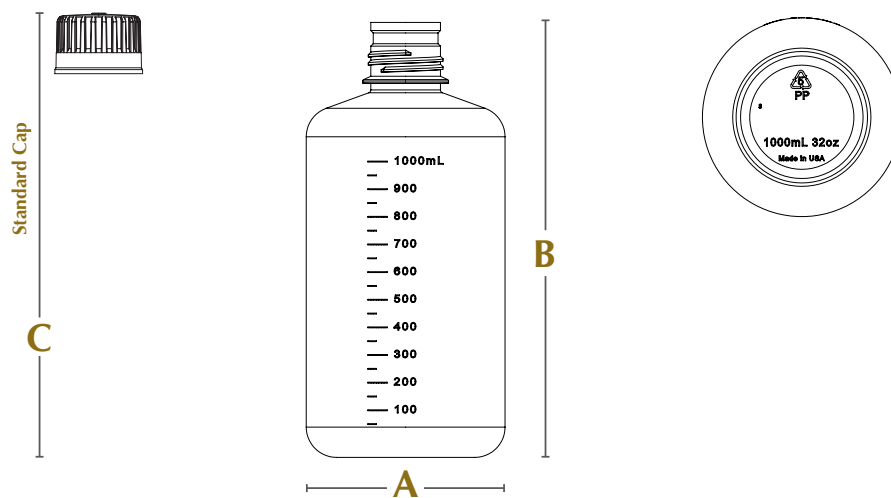

The Boston Round Packaging Bottles are made with specially formulated semi-transparent polypropylene resin to provide visual clarity of the contents. The bottles are durable, autoclavable and chemical-resistant. They are aseptically manufactured with FDA approved resin in a Class 10K clean room environment.

- Aseptic, manufactured in a clean room environment
- Molded-in graduations for approximate volume reference
- Compliant with USP Class VI guidelines
- Animal derived component free

The bottles are shrink wrapped in biodegradable polymer trays that prevent particulate adherence through static and are convenient to unpack.
